

I'm Dreaming of Satanic Christmas

Forge

I'm dreaming of satanic christmas
Not like the christmas you may know

In our sol invictus,

It's not 'bout saint nicholas,

Instead, we treasure truths we know,

I'm dreaming of satanic christmas,

There are no gods we must obey,

We are our own saviors, hooray

Life's for all, so make it your way.

I said, I'm dreaming of satanic christmas

For all our little girls and boys

No adults who lie to you

And no hell to threaten you,

Share love with ones who love you most

I'm dreaming of satanic christmas

Freedom n' compassion's what we know

Enjoy all your festive delights

Celebrate thyself tonight
